

The background of the slide is an aerial photograph of a city street intersection. The image is divided into four quadrants by a central vertical and horizontal line. The top-left and bottom-left quadrants show a dense urban area with red-tiled roofs. The top-right quadrant shows a street intersection with cars and a green-paved area. The bottom-right quadrant shows a street intersection with cars and a blue-paved area. A semi-transparent dark blue rectangle is overlaid on the left side of the image, containing the text.

Webinar series on INSPIRE themes implementations Addresses

Webinar series

Final INSPIRE milestones were reached in 2020

Plenty of data sets and connected network services available at the [INSPIRE Geoportal](#)

Perfect time to sum up the INSPIRE implementation process and share related experiences

We would like to find out more about aspects of INSPIRE implementations

- not visible to users (backend)
- organisational and technical
- from data capture to data publication

.KEN

Webinar series plan

Theme	Webinar date
Addresses	6 May 2021
Administrative units	1 July 2021
