

EuroGeographics Report for QKEN

Carol Agius

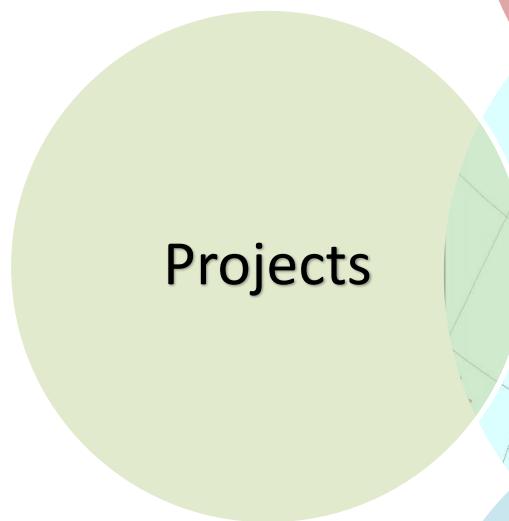

UN-GGIM: Europe Administrator & KEN Coordinator

QKEN Plenary Meeting

Athens, Greece

18-20 May 2016

EuroGeographics in European Commission

- Two-week exhibition 'Maps for Europe' at Berlaymont in November 2015 to demonstrate how the maps and land information of our members can help the European Commission to achieve the EU's priorities.
- Organised by EuroGeographics in collaboration with Eurostat
- Other side events: ELF for European Commission & Directors' Forum

Update from the ELF project

- The new Description of Work (DoW) was validated by European Commission. This means that:
 - European Commission agreed on the project to be extended by October 2016
 - to accommodate the additional 10 NMCAs as the ELF project partners. The necessary formalities shall be completed
- The new DoW comes to force and the additional partners start from 1st March 2016

KENs - Providing a platform for sharing best practice & expertise

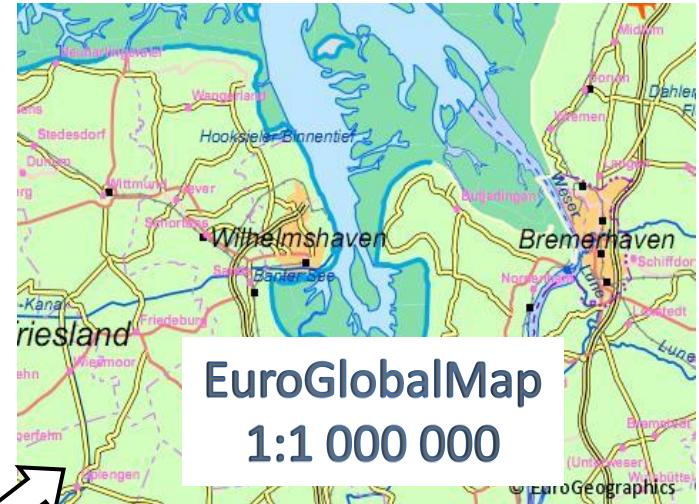

- Key Benefit of EuroGeographics Membership
- Management Board were impressed by the work of the KENs and would like to widen the visibility of KENs
- Review of KEN topics

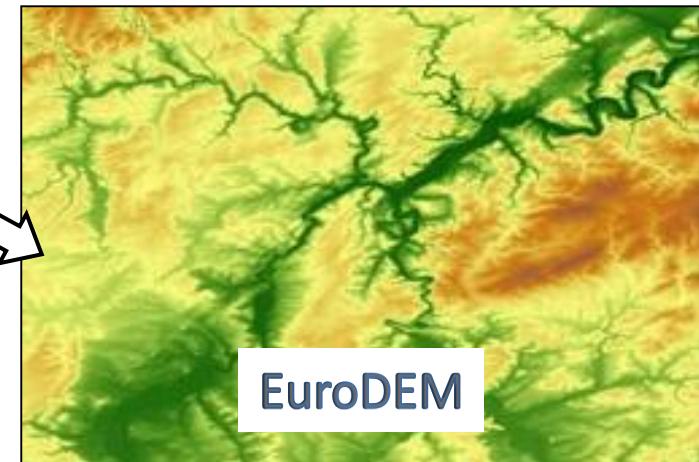

Improving KEN co-ordination

- KEN Chairs meeting in November
- KEN Chairs webinar in February
- EG – EuroSDR Meeting in May
 - To improve cross-KEN co-ordination
 - Strengthen and practically execute the agreement with EuroSDR

Pan-European
Products
Harmonisation
Data models
Reference data
