

# **Geographic information – Technical framework – Manual for data product specification**

**SIS-TR 40:2015, edition 2**

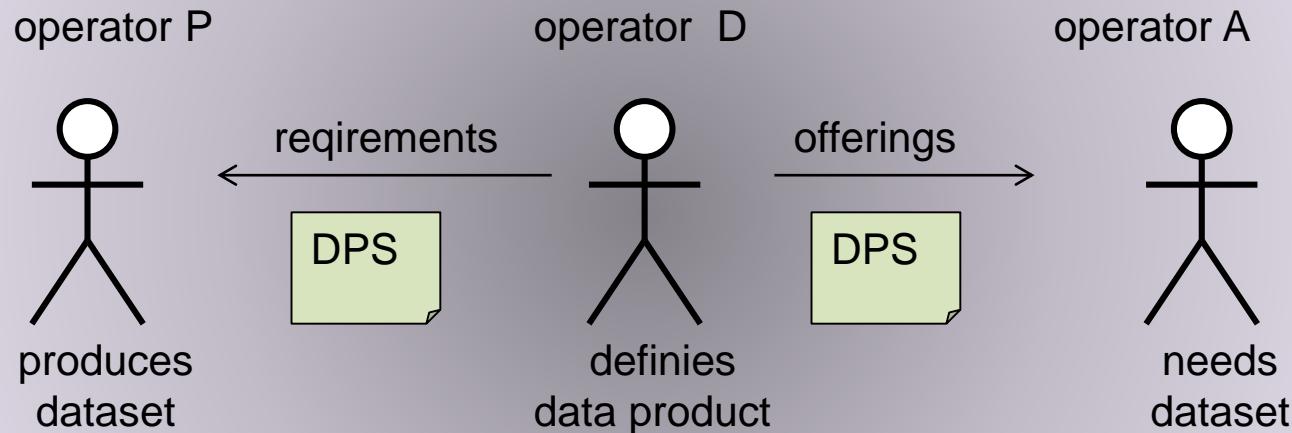

# SIS-TR 40 Scope

- as a support when you start to use SS-EN ISO19131:2007
- data product specifications in the form of documents
- provides a step-by-step guide
- realistic samples of data product specifications
- **It is more important to get started with the specification work than trying to develop the perfect specification.**

# SIS-TR 40 Scope

- as a support when you start to use SS-EN ISO19131:2007
- data product specifications in the form of documents
- provides a step-by-step guide
- realistic samples of data product specifications
- **It is more important to get started with the specification work than trying to develop the perfect specification.**

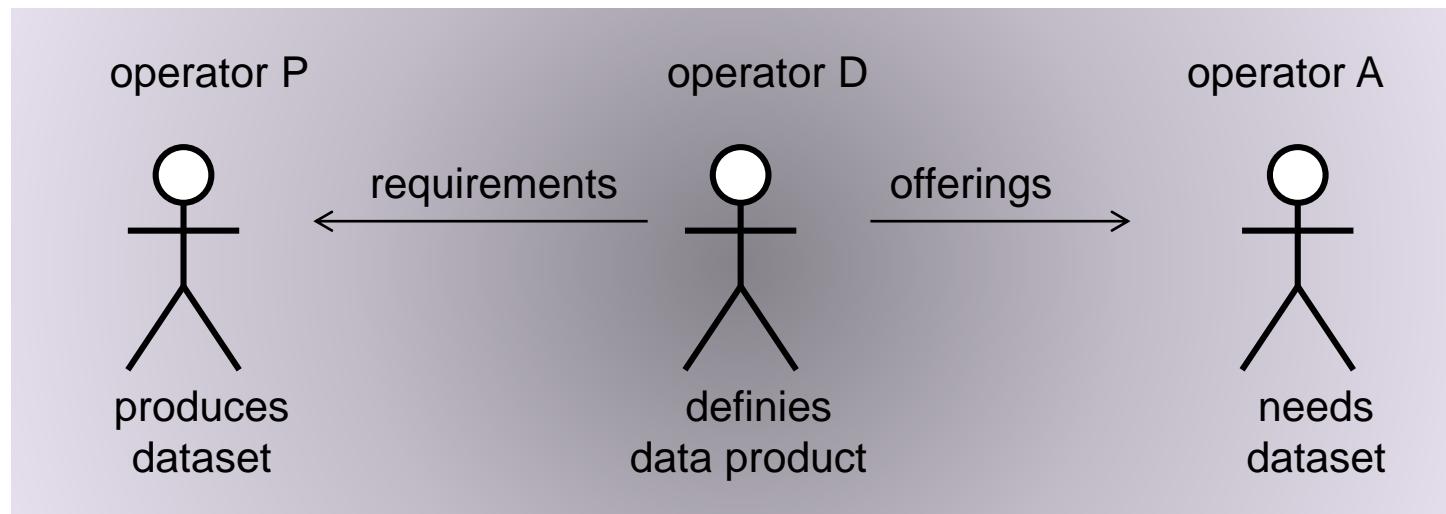

# Data product specification

# [geo[data]] product specification

DPS

- Description
- Requirements
  - requirements that the production is expected to meet (requirements that D sets on P)
  - requirements that every copy is expected to meet (requirements that A sets on D)

# Step-by-step

- Step 1 – Create a document
- Step 2 – Formulate the purpose of the data product
- Step 3 – Document the information content and structure
- Step 4 – Describe the intended customers and use
- Step 5 – Describe data capture
- Step 6 – Describe data product maintenance
- Step 7 – Describe how data is portrayed
- Step 8 – Describe how the data is provided
- Step 9 – Describe the reference systems
- Step 10 – Describe requirements for metadata
- Step 11 – Identification details
- Step 12 – Specify any scopes for the data quality requirements
- Step 13 – Specify the requirements for data quality
- Step 14 – Summaries everything in the Overview clause

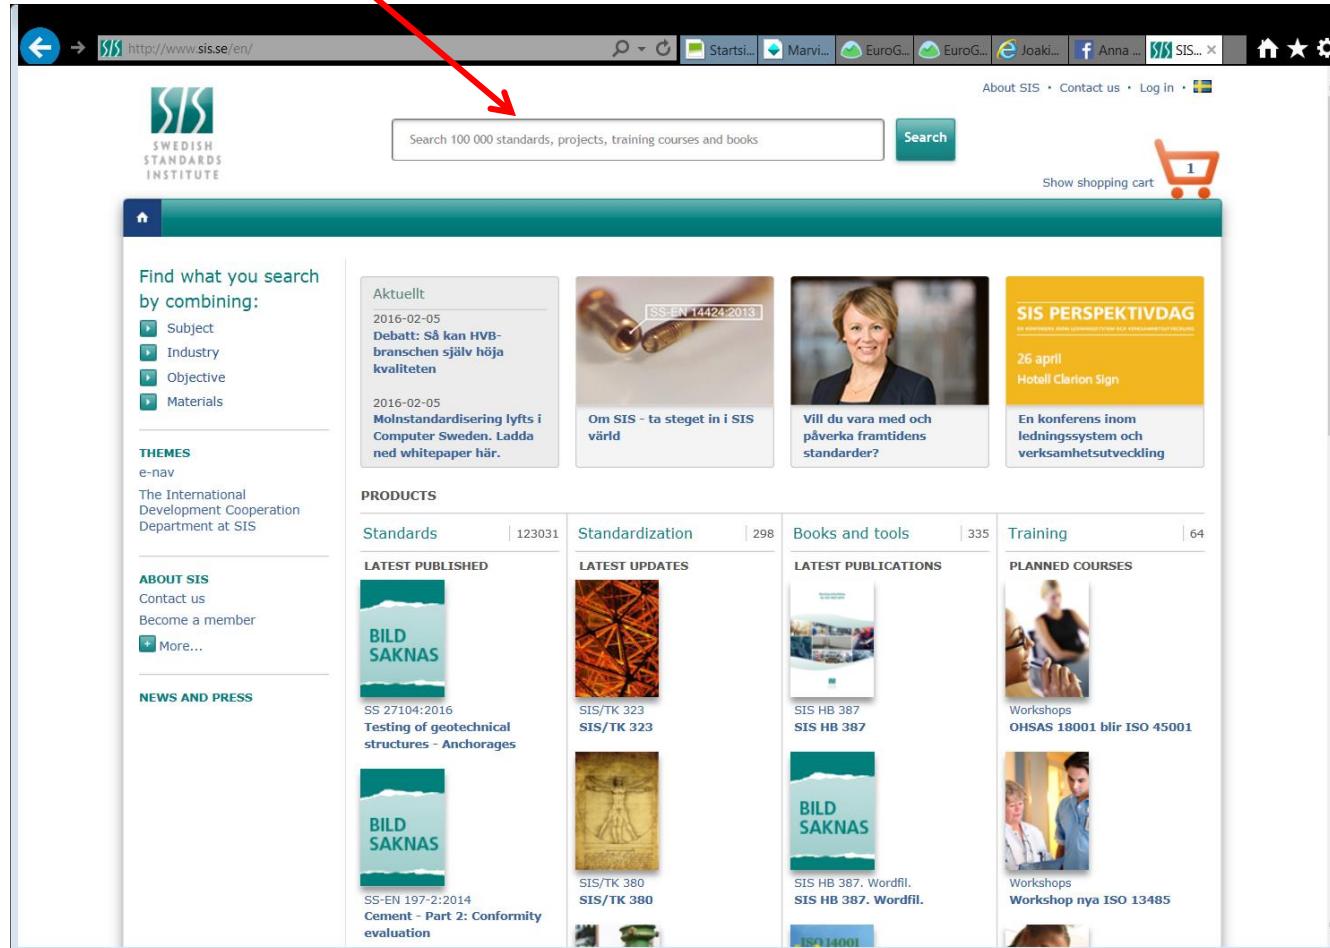

# **Geographic information – Technical framework – Manual for data product specification**

SIS-TR 40:2015, edition 2

Instruction on how to download the  
document (for free)

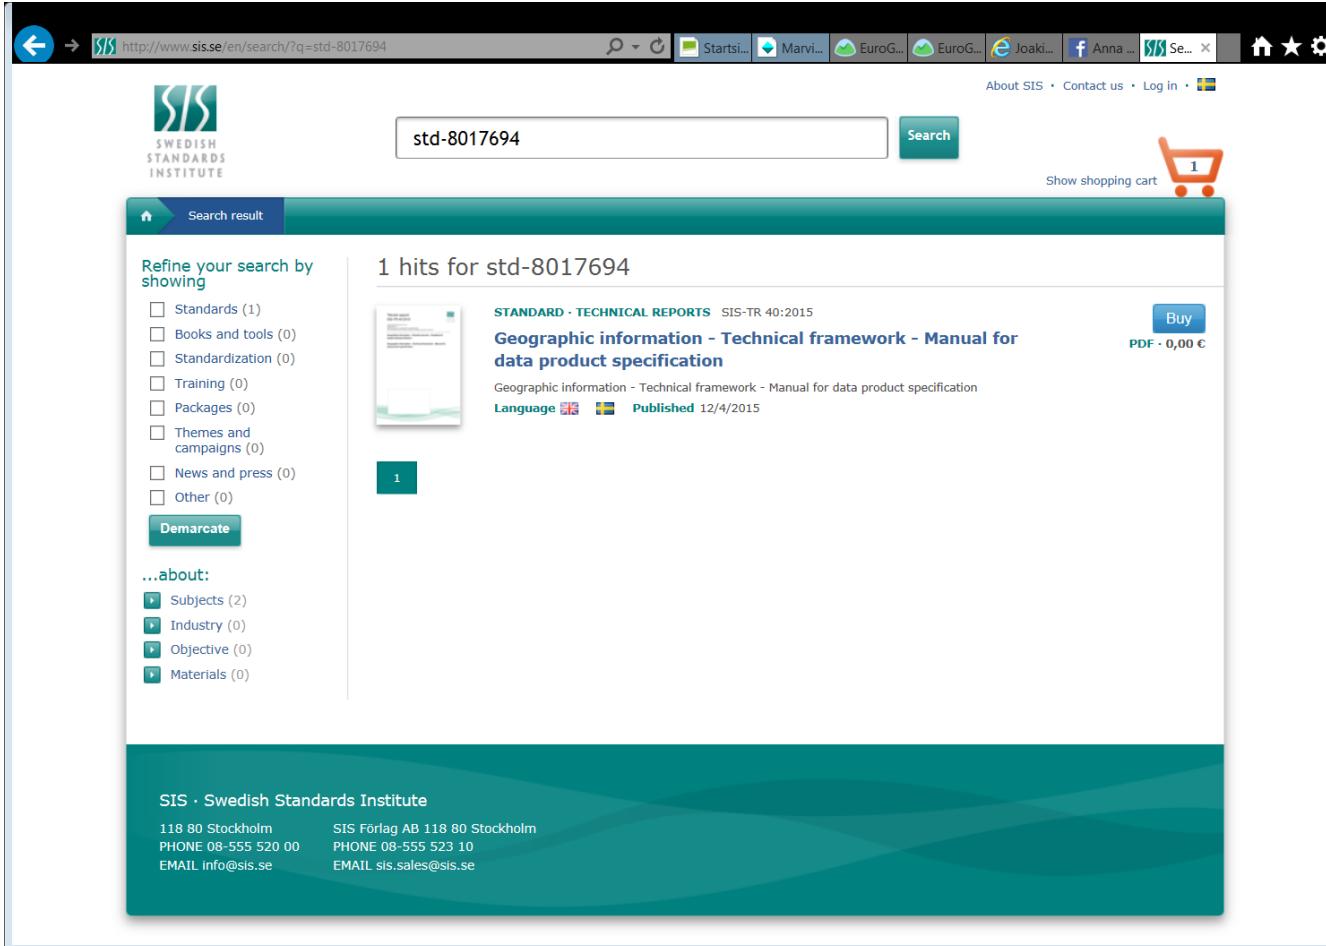

Go to: [sis.se/en/](http://www.sis.se/en/)

in the search window put in: std-8017694

The screenshot shows the homepage of the Swedish Standards Institute (SIS) website. A red arrow points from the text above to the search bar at the top center of the page. The search bar contains the placeholder text "Search 100 000 standards, projects, training courses and books". Below the search bar is a "Search" button. To the right of the search bar is a shopping cart icon with a "1" in it, labeled "Show shopping cart". The top navigation bar includes links for "About SIS", "Contact us", "Log in", and a language switcher. The main content area features several sections: "Aktuellt" (News), "PRODUCTS" (divided into Standards, Standardization, Books and tools, and Training), and "NEWS AND PRESS" (with links to publications like "BILD SAKNAS").

# Click on: buy

The screenshot shows a web browser displaying the SIS (Swedish Standards Institute) website. The search bar at the top contains the query "std-8017694". Below the search bar, a green header bar displays the text "1 hits for std-8017694". The main content area shows a single search result for a technical report. The result includes the title "Geographic information - Technical framework - Manual for data product specification", the standard identifier "STANDARD - TECHNICAL REPORTS SIS-TR 40:2015", the language "Language EN", the publication date "Published 12/4/2015", and a "Buy" button with the text "PDF - 0,00 €". On the left side of the main content area, there is a sidebar with search refinement options and a "Demarcate" button. At the bottom of the page, there is a footer with contact information for SIS.
