 GU	Surveying and Mapping Authority of the Republic of Slovenia	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

email

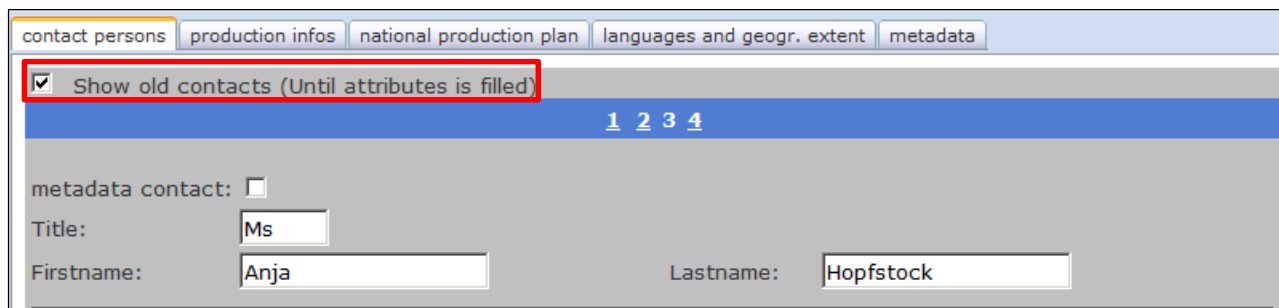

Data producer not responsible any more

- If a contact person is not responsible any more
 - Don't remove all information
 - Please set „contact until“ date

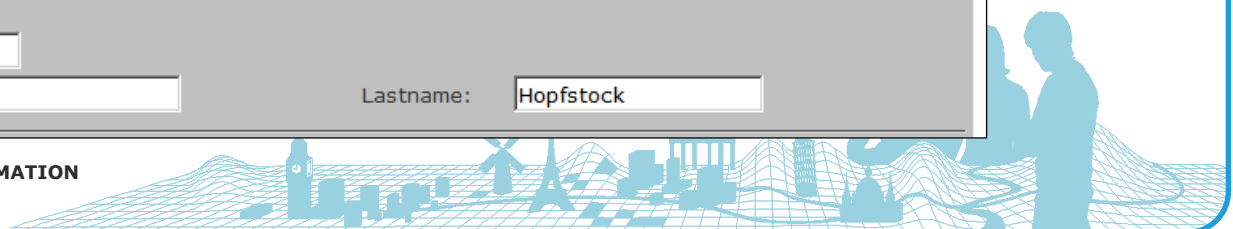

A screenshot of a web form. At the top, there is a dropdown menu labeled 'EGM role:'. Below it, there are two input fields. The first is labeled 'contact from:' and contains the year '2015' followed by '(YYYY)'. The second is labeled 'contact until:' and contains the year '2015' followed by '(YYYY)'. The 'contact until:' field is highlighted with a red rectangular border.

- You can show old contacts

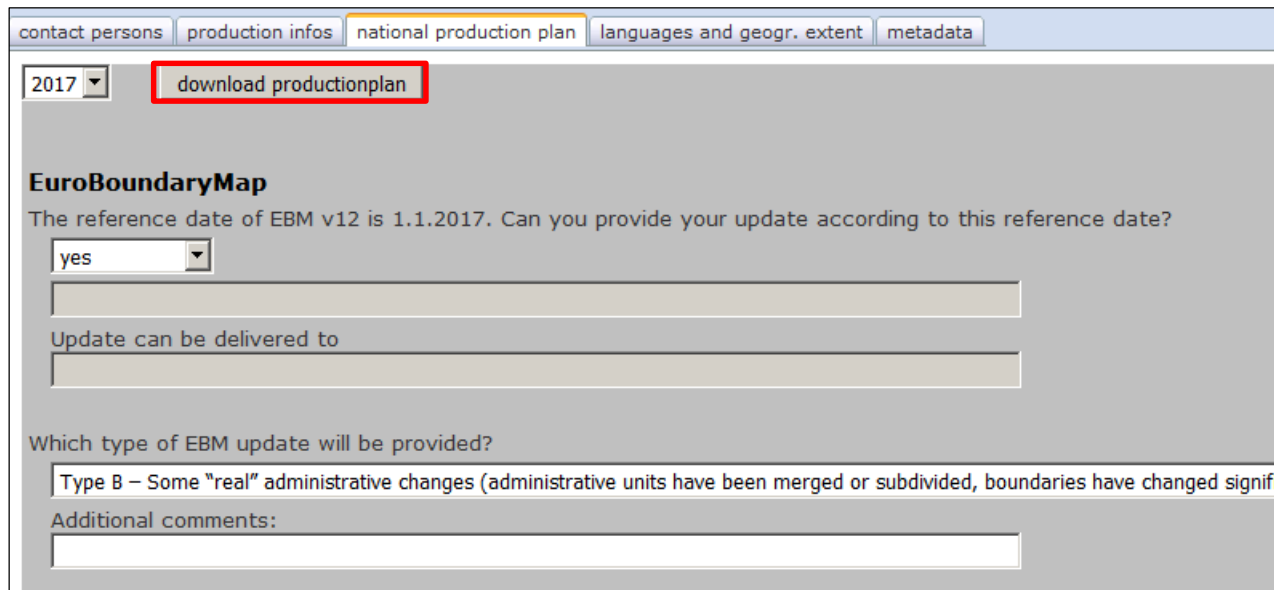

A screenshot of a web interface for managing contact persons. At the top, there are several tabs: 'contact persons', 'production infos', 'national production plan', 'languages and geogr. extent', and 'metadata'. The 'contact persons' tab is selected. Below the tabs, there is a checkbox labeled 'Show old contacts (Until attributes is filled)' which is checked. Below this, there are four small blue buttons labeled '1', '2', '3', and '4'. Further down, there is a section for 'metadata contact:' with a checkbox. Below this, there are input fields for 'Title:' (containing 'Ms'), 'Firstname:' (containing 'Anja'), and 'Lastname:' (containing 'Hopfstock').

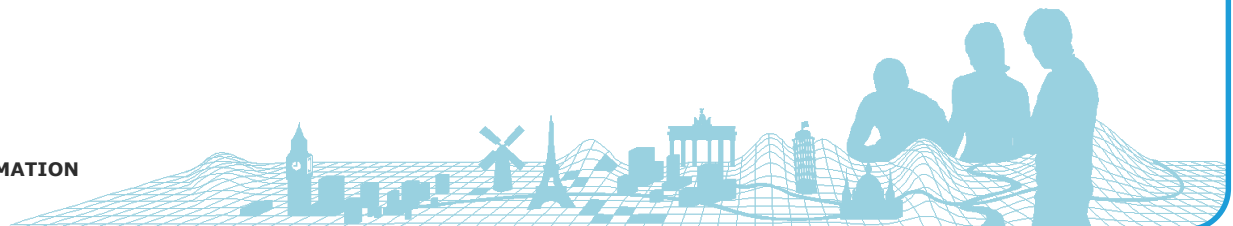

Download production plan

- After filling out the National Production Plan you can download it as PDF

The screenshot shows a web application interface with several tabs: 'contact persons', 'production infos', 'national production plan' (which is highlighted), 'languages and geogr. extent', and 'metadata'. Below the tabs, there is a dropdown menu set to '2017' and a button labeled 'download productionplan' which is highlighted with a red rectangle. Below this, the section 'EuroBoundaryMap' is visible, followed by a text prompt: 'The reference date of EBM v12 is 1.1.2017. Can you provide your update according to this reference date?'. There is a dropdown menu with 'yes' selected, followed by two empty text input fields. Below these, the text 'Update can be delivered to' is followed by another empty text input field. Further down, the question 'Which type of EBM update will be provided?' is followed by a text input field containing the text 'Type B – Some "real" administrative changes (administrative units have been merged or subdivided, boundaries have changed signif'. At the bottom, there is a label 'Additional comments:' followed by an empty text input field.

ID-Generator
