

# Group D - Breakout Session

Andreas Pammer, Alexander Knapp

EG Producer Meeting, Lisbon  
14<sup>th</sup>/15<sup>th</sup> November 2017

# Topics

- **Edge Matching**
- Validation Tool (no comments or questions)
- Production 2018 (no comments or questions)
- Any other Issues -> no

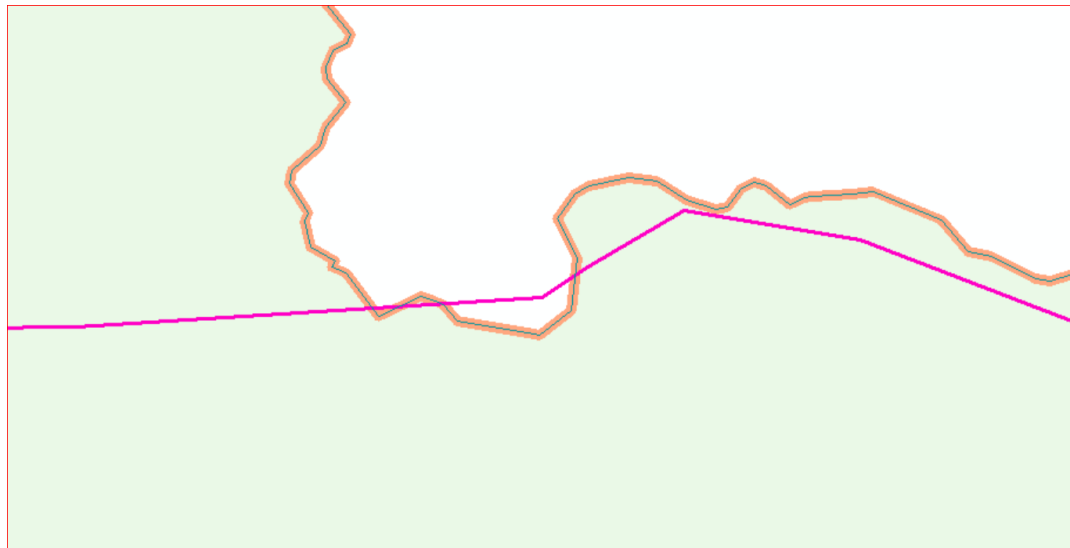

# Edge Matching

- Special situation in group D
  - First delivery from Croatia
  - In dispute areas (HR#SI, HR#RS, KS#MK#RS)
  - No man's land (between HR and RS, in future also between SI and HR)

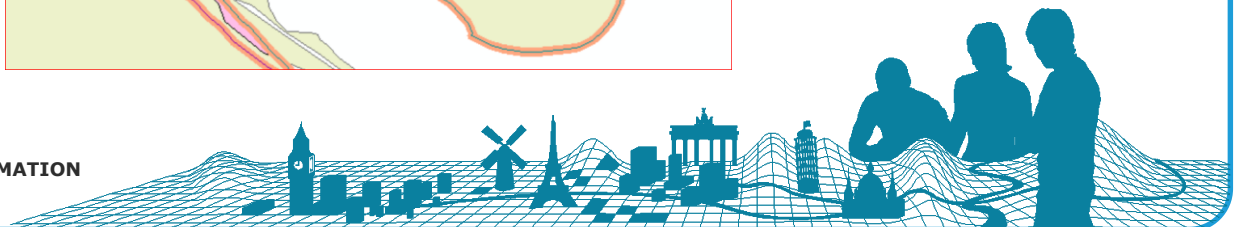

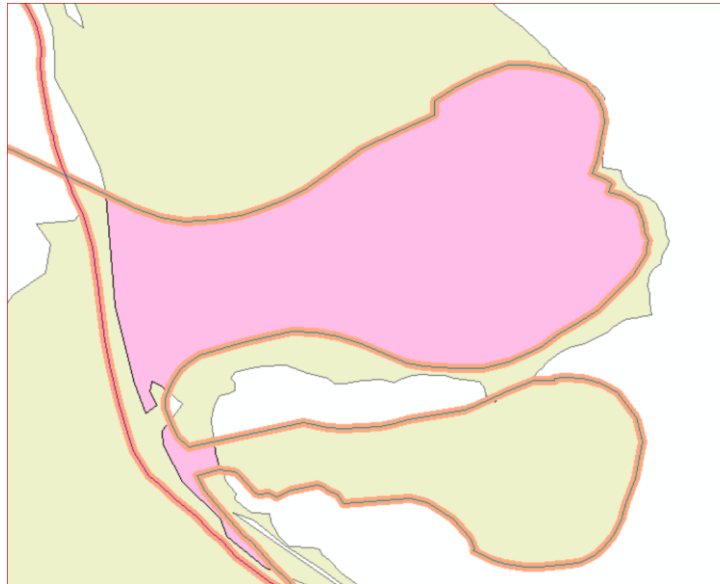

# Edge Matching

- Technical Issues
  - PowerL pass other country – Poles are only in one country, the other has no object in its DB  
Should it be split?

# Edge Matching

- Technical Issues
  - ParkA for indispute areas overlap. They have different names. Should we generate an additional object for this area?

# Edge Matching

- Technical Issues
  - Connecting Points should be updated
  - Especially along Croatian border
  - Which workflow?
    - Centrally by BKG?
    - Information by countries?

# Edge Matching

- Technical Issues
    - Who fills the gap in no man's land?
    - ICC code in no man's land?
    - To use the neighbour ICC codes (i.e. HR#SI) is not an option for all producers
- > adapt edge matching rules

# Edge Matching

- Issues of the process
  - Political restrictions: Some countries are not allowed to do edge matching along indispute border for political reasons
  - Not enough knowledge and experience at new countries
