

EFGS 2020 webinar

INVITATION & CALL FOR ABSTRACTS

On behalf of the **European Forum for Geography and Statistics (EFGS)** we would like to invite you to the **EFGS 2020 webinar** which is to be held on **20-21 October 2020**. The webinar is organized by Statistics Poland with support from EFGS, Eurostat and Head Office of Geodesy and Cartography in Poland. Please note that this meeting is organized in place of **13th EFGS Conference** on integration of geography and statistics and will be held for the first time in a scaled down virtual format. Due to the continued impact of COVID-19 EFGS conference cannot be organized in its traditional form this year.

If:

- ✓ you would like to be a part of GSGF Europe implementation in all stakeholder organizations
- ✓ you are interested in ESS methodological guidance and are convinced that additions to the ESS quality framework are needed
- ✓ you have interesting ideas on how to create other guidelines e.g. best practice cases and training materials targeted to enable the users to fully utilize the GSGF Europe framework

this webinar is for you!

During the webinar we will attempt to explore five sections of the [GSGF principles](#), which form the main thematic sessions of the meeting.

- 1: Use of fundamental geospatial infrastructure and geocoding;
- 2: Geocoded unit record data in a data management environment;
- 3: Common geographies for dissemination of statistics;
- 4: Statistical and geospatial interoperability;
- 5: Accessible and usable.

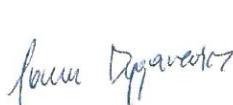

The webinar will consist of four 2-hour virtual meetings. We encourage you to submit abstracts related to the topic. Abstracts of no more than 250 words should be submitted via contact e-mail EFGS2020@stat.gov.pl no later than **6 September 2020**.

All participants must register for the event by **14 October 2020** using the [registration form](#) on the webinar website. We encourage you to sign up as soon as possible.

Please follow the webinar website. It is regularly updated with latest information: <https://www.efgs.info/efgs-2020-webinar>.

If you have any queries, please contact us via webinar-dedicated e-mail EFGS2020@stat.gov.pl or via [Contact Us](#) section on the webinar website.

We look forward to your participation and contribution!

Janusz Dygaszewicz
President of European Forum for
Geography and Statistics (EFGS)

Dominik Rozkrut
Chief Statistician
President of Statistics Poland

Christine Wirtz
