'SURVEYORISM'

Of the future

FIG Definition of a Surveyor

A surveyor is a professional person with the academic qualifications and technical expertise to conduct one, or more, of the following activities;

- to determine, measure and represent land, three-dimensional objects, point-fields and trajectories;
- to assemble and interpret land and geographically related information;
- to use that information for the planning and efficient administration of the land, the sea and any structures thereon; and,
- to conduct research into the above practices and to develop them.

Young surveyor is defined as

- Surveyors aged 35 years or under
- Students of surveying
- Surveyors within 10 years of graduating from a Bachelor or Master Degree

Keep calm – I'm a surveyor

- Not 3D, but 4D or 5D
- Is this going to be customer service?!?

We want to be one!

Education

- Land surveyor or geomatician?
 - Both, thank you!

In conclusion

- Definition of a surveyor needs to be considered.
- Surveying is going to be about customer service.
- Surveyors are one big community.
- Education needs to be updated regularly.
- Encourage young surveyors to be active!

THANK YOU FOR YOUR
ATTENTION!
